

## New for 2011 – Cincinnati Area Board of Realtors is Offering My Community Care Private Health Care Centers

My Community Care (MCC), community based direct health membership, provides access to a growing national network of over 1000 Urgent Care Centers.

MCC provides access to our members that have no health protection, part-time members, as well as those members with high-deductible medical plans.

**Membership is GUARANTEED with no health questions.** The plan is not insurance, it is a medical membership program.

MCC has been selected by CABR as a way to provide direct urgent and primary care for our members and their families.

The plan gives participants access to these urgent care facilities for \$89 per month single or family. It covers a wide array of care to the participant as well as spouse and children. **The participants pay no deductibles or co-pays.**

Additionally MCC offers the members of CABR, who participate:

- 24 hour Nurse/Doctor hot-line
- Network discount on Physicians & Specialists away from MCC Healthcare Centers
- Network discount on Diagnostic Imaging and Lab
- Discount Pharmacy Card
- Discount Chiropractic and Physical Therapy Services
- Discounted Diabetic Care Supplies
